

I claim:

1. An apparatus useful as a barbecue pit, said apparatus comprising:

- a) a food grill,
b) an enclosure, and
c) a fire box, said fire box comprising a fuel grate,
wherein said food grill rests atop said enclosure,
wherein the fire box is contained in, and removable from, said
enclosure, and
wherein a layer of water can be poured into said fire box, said
layer of water serving to receive charcoal ashes as charcoal
placed on said fuel grate burns, as well as grease dripping
from food placed on said food grill.
